

The image shows a large hall filled with rows of blue upholstered chairs. Each chair has a white circular logo on the backrest featuring an eagle and the text 'CALOUNORA CITY PRIVATE SCHOOL' and 'EXCELLENCE INTEGRITY LEARNING'. The chairs are arranged in a way that suggests they can be easily moved or reconfigured. A blue semi-transparent banner is overlaid at the bottom of the image.

One School's Ingenious Solution To Multi-Purpose Hall Seating

BFX Furniture

Caloundra City Private School

Multi-Purpose Hall - Case Study

The school was established as an independent private school in 2005, and has since established itself as a school of excellence.

What sets Caloundra City Private School apart from other private schools and colleges on the Sunshine Coast is their investment in technology and contemporary eLearning equipment including supplying devices to each student, ensuring they have 24-hour access to learning resources.

Their mission is to provide an outstanding educational environment that is vibrant and exciting; a place of exceptional standards in a nurturing setting with emphasis on the care and attention of each individual student.

The Project

Caloundra City Private School's new Multi-Purpose Hall required a unique seating solution. This building signifies the exciting next chapter in the growth of this prestigious private school. The venue will host sports and HPE, school assemblies, drama and music classes, along with major events such as musicals and speech nights.

"I am excited to play a small part in assisting the school to achieve their goals by working with Melinda, CCPS Business Manager to solve issues such as under-stage chair storage and printing of the school logo onto chair upholstery. The school has chosen some vibrant colours and fabrics and it will be great to see how it all comes together."

- Lucia Hubner, BFX Sales Consultant

PROJECT BRIEF:

The requirement was for modern seating for the Drama and Music rooms

UNDER-STAGE TROLLEYS

- Runners/tracks to guide trolleys under-stage: angled bracket to act as a trolley return under stage from front to back. Supply and install.
- Stack vertical, store horizontal trolley to go under stage (700mm high), non-marking wheels
- Developing a prototype: handle, linking brackets.

QUANTITY OF CHAIRS: 330

- Printing of logo onto fabric for school (colour match school logo: 30 chairs)
- Textile printing required school logo artwork file, colour matching, sample approval

See how it works

Watch how the team at BFX created a solution to solve an issue with Multi-purpose Hall storage

The project features a custom-made trolley that combines innovative design with functionality to easily allow rows of chairs to be compactly and efficiently stored away when not in use.

Step 1: Roll the rail of connected trolleys out from under the storage compartment

Step 2: Separate the desired chair trolley

Step 3: Bring the trolley into an upright position

Step 4: Unstack the chairs

Pack-up is just as easy! Just stack the chairs, roll the trolley into its reclined position, connect the other trolleys and then simply roll them into the under-storage compartment.

Introducing the stylish..

Strata Visitor Stacking Chair

The Strata Sled Base Stacking Chair is a versatile and stylish chair that's sure to be popular in offices, schools, meeting spaces, universities and libraries.

Designed with a streamlined steel rod frame, the structure of the frame is built for easy stacking with other chairs. With its rounded back and curved lines, the Strata Sled Base Stacking Chair provides superior comfort and support.

Modern and dependable, this stackable chair will bring a touch of class to any space and can be conveniently stored away when not use.

FEATURES:

- Polypropylene seat & back with cushioned fabric
- Contoured seat & back for long impact sitting
- Chrome sled base
- Linking feet

Watch the Time-lapse

Row upon row, watch a whole seating space come to life within seconds.

Create seamless rows of chairs create neat seating banks. Setting up a whole room for assemblies, sporting matches, speech nights or ceremonies has never been easier.

Testimonial

"BFX understood our vision for the Multi-Purpose Hall to turn our state-of-the-art indoor sports center into a flexible venue suitable for school assembly, musicals and speech night. BFX Furniture worked with us in designing a mobile under stage chair storage system that met our budget allocation and building restrictions. In addition, BFX Furniture supplied a modern seating solution for the Drama, Music and Staff rooms. Lucia (BFX Sales Consultant) was with us every step of the way. We worked together through the initial consult, the design process, all the way to colour selection, order and delivery. The process was pain free from start to completion and the product quality is 2nd to none. Thank you for all your effort Lucia and the BFX team."
